DEATH IN AUTO RAC

Mechanician Crushed Under Car and Driver Injured at Long Island.

SMASHED ALL AUTO RECORDS

Louis Chevrolet in a Buick Made Fastest Speed Ever Witnessed in Open Coutry Contests. Details of Casualtiees.

(By Wire to the Morning Star.)

River Head, L. I., Sept. 29.—The smashing of every existing American record for automobile racing on the open road which cost the life of Mechanican James Bates and serious injuries to another Herbert Lyttle, a well known racing driver, marked the running today of the Long Island Automobile Derby. The event was a stock car sweepstakes and was run over 22 miles of hitherto untried road at the eastern extremity of Long Island, between Riverhead and Mattituck.

The casualties were caused by the skidding of the Apperson car, driven by Lyttle as it neared an easy bend in the road, two miles West of Mattituck. Lyttle and Mechanican Bates had completed less than two thirds of the first lap when the 60 horse power engine, tearing down a slight declivity at the rate of 65 miles an hour, suddenly lurched to one side toa deep and overturned.

Lyttle shot clear of the car and landed 20 feet away on his back. Bates, however, clung to the machine and was crushed under it as it turned turtle. Bates died an hour later. But Lyttle was able to recognize his wife and baby who were hurried to his bedside at the hospital immediately after the accident and tonight there is hope of his recovery.

The racing throughout was the fastest ever witnessed in open road contests in this country. In the class for cars selling at $1,250 to $2,500 five laps, 113.75 miles, Louis Chevrolet in a Buick won in one hour and 37 minutes, 36 3-10 seconds. Breaking all records for the class. His speed averaged slightly in excess of 70 miles an hour.

Finishing second to Chevrolet in this class, Robert Burman, also driving a Buick, covered the distance in one hour, 46 minutes 2-12 seconds or at a rate of 64 miles an hour.

In the class for cars selling from $2,000 to $3.000, the only entry, a Sharp Arrow driven by W. H. Sharp, averaged 63 miles an hour, covering 136.5 miles in two hours 9 minutes 2 seconds.

Almost as fast time was made by the winner in the class for cars selling for $4,000 and over, Ralph DePalma, driving a Fiat, who finished the 227.5 miles in 3 hours 38 minutes 35 seconds, which is an average of 62.35 miles an hour.

The winner in the class for selling from $3,000 to $4,000, Frank Lescault, driving a Palmer Singer, also averaged better than a mile a minute, finishing the 182 miles in 2 hours 59 minutes 4 seconds, or at a rate of 61 miles and hour.

Even in the small car class for cars selling from $800 to $1,250 an average of 54 miles an hour as maintained, Arthur See in a Maxwell covered the 91 miles in one hour, 41 minutes, 22 seconds.

About 10,000 spectators witnesses the races.

CONVENTION OF POSTMASTERS

sembled Yesterday in Raleigh With Distinguished Officials Present. Prisoner in South Carolina. Mr. Dughi Injured.

(Special Star Correspondence.)

Raleigh, N. C., Sept. 29.—The Association of North Carolina Postmasters convened here this morning at 10 o'clock, Willis G. Briggs, of Raleigh presiding and J. R. Joyce, of Reidsville, secretary-treasurer.

There were more than 100 present when the gavel fell and others came in during the day so that the attendance is the largest in the history of the Association which was organized in Raleigh three years ago.

The convention has this session a programme in which an unusual number of postal officials of National reputation will take part, including Fourth Assistant Postmaster General P. V. Degraw; Acting Chief Postoffice Inspector Theodore Ingalls; Assistant Superintendent of Registered Mails R. P. Allen; Assistant Superintendent of City Delivery B. N. Davis; Assistant Superintendent of Railway Mail Service William T. McGinniss, and President A. K. Hoag, of the National League of Postmasters of the Fourth class.

The members of the Association were welcomed by Mayor J. S. Wynne and Dr. Hubert A. Royster, the latter as president of the Raleigh Chamber of Commerce. Mayor Wynne assured the postmasters that Raleigh's latchstring was not only on the outside, but that the door was wide open for them. Dr. Royster went him one better and declared that Raleigh's door was not only wide open but that the door was taken from its hinges.

Quite a while was taken up with the enrollment of members and the appointment of committees for the session. Then there followed a profitable, but technical address by R. P. Allen, assistant superintendent of the registered mail department of the postoffice department; also an address by Postmaster A. K. Hoag, of Orchard Park, N. Y., president of the National League. There was an informal discussion of points developed in the addresses and then recess was taken for a group photograph of the postmasters to be taken on the government building steps.

At 2 o'clock this afternoon the postmasters, as guests of the Raleigh Chamber of Commerce, partook of a sumptuous barbecue with all the accessories that go to make such occasions so enjoyable, out at the State Fair grounds.

Tonight there was an address by Hon. P. V. DeGraw, Fourth Assistant Postmaster General, treating a wide scope of matters pertaining to the official duties of postmasters and their relation to the department at Washington; also an address by Acting Chief Postoffice Inspector Theodore Ingalls. The convention will finish its work and adjourn tomorrow about noon.

The North Carolina Association of Postmasters tonight adopted resolutions by Postmaster Charlie Reynolds, of Winston-Salem, that the association meet next year at Winston-Salem and that the president of the Association confer with presidents of the associations of city and rural carriers with a view to having these organizations hold their annual meetings at the same time and place. The idea of having these meetings at the same time is the outgrowth of a suggestion from Fourth Assistant Postmaster General Degraw tonight that such a plan would greatly facilitate the department at Washington in sending representatives to these conventions. He even suggested that the associations of North and South Carolina and Virginia could be united in one convention of mutual benefit of all.

Postmaster T. E. Wallace, of Wilmington, was made chairman of the committee on resolutions. Strong sentiment was manifested for the convention to be held in 1911 in Wilmington.

The Dockery-Portner Co., of Rockthe Seaboard Air Line and Atlantic Coast Line to submit within 30 days plans for a union passenger station at Weldon to cost about $10,000 to take the place of the present separate and inadequate accommodations.

The Dockery-Portner Co., of Rockingham, Richmond county, is chartered with $500,000 capital authorized The incorporators are J. M. Dockery, J. A. Porter, A. S. Dockery and others for a general mercantile business; also the Greenfield Park Development Co., of Wallace, is chartered with capital of $50,000, by Z. J. Carter, W. B. Brice and others for developing real estate.

The Governor of North Carolina issued today a requisition on the Governor of South Carolina for Chas. Hemrick, who is wanted in Cleveland county for an assault with a deadly weapon. He is now in jail at Chester, S. C.

Mr. A. Dughi, prominent Italian merchant, was seriously injured out at his farm near the city yesterday. He was in a farm wagon leading a cow. The wagon passed under a grape arbor and a cross beam struck him squarely on the head knocking him senseless and staving in his neck and chest severely.

Hillman High, who ran away from his home in this county near the Durham county line with his niece, was located with her in Richmond and brought back to answer the charge of forgery, submitted to this charge in two counts in Superior Court here this evening and was sentenced by Judge W. R. Allen to six years on the county roads.

TAFT IN FAR WEST

President on His Long Journey Reaches the Pacific Coast.

GREETED BY GREAT THRONGS

In Yakima Address President Paid a Tribute to Senator Jones—Visits Alaska-Yukon Exposition Today.

(By Wire to the Morning Star.)

Seattle, Wash., Sept. 29.—President Taft tonight reached the Pacific coast just two weeks after his start from Boston. He will leave Seattle for Tacoma on Friday and will leave that city at midnight, going south until Los Angeles is reached. Then comes the turn to the East.

A great throng of people waited for the President at the station and along the brilliantly lighted streets through which he passed and here was ceering at every step of te way.

The visit to the Alaska-Yukon Pacific Exposition will be tomorrow. After luncheon he will make an address. The President will also speak at a banquet at the exposition grounds during the evening.

The President today passed through a region which displayed its marvels in the way of fruit raising. At North Yakima, where he passed the forenoon and made an address, the President saw one of the oldest irrigated fruit regions in the West. The great yield of apples, especially attracted his attention and he said he was fond of them.

In his Yakima address the President paid a tribute to Senator Wesly L. Jones, of Washington, who joined the party at Spokane yesterday. Governor Hay, of Washington, in introducing the President declared that for Vice President, 1912, he "Placed in Nomination Wesly Jones."

"In nominating Senator Jones for a place on the ticket" said the President, "I don't see why Gov. Hay has not named him for the Presidency. If you nominate him for the Presidency I shall be glad to go before the country and testify to my own knowledge of his worth and ability, as I am doing here."

In the throng that greeted the President at the court house where a large number of Grand Army veterans and members of the Woman's Relief Association.

"I am honored by the presence of Grand Army men," said the President, "and by the ladies, who, while they do not wear uniform, suggest the presence of women's relief corps. It is pleasant to note that far out in the western country, away from the battle field where the issue of the Nation's life was contested, we find they were pushed out here even after so heavy a struggle in order to build up a new country and add to the strength, the expansion, the wealth and the prosperity of the country which they saved. Just in front of me I see a monument that brings back memories that I always like to refer to and to emphasize. The monument, I understand to be the one to those who in effect gave up their lives in the far distant Philippines in order that the duty to their government should be performed and a supervision extended and aid given to a people who by the providence of God were put under our guardianship.

"Only those who have been know the sacrifices and the hardships to which our boys in those islands were exposed; only those who have been in the Philippines know and have a proper idea in what they did there, for they were called upon not only to meet a foe more dangerous, fighting in Oriental fashion, but after they had conquered them they were put in a position where they had to exercise a self restraint and a guardianship and an independence of action that only men in the American army are capable of. So whenever I meet anyone who has been out to the Philippines there is a bond between him and me that makes me happy and I hope that in the audience which I am addressing there are a number of those who went out there and now retain in sweet recollection the hardships which they had to undergo and tte beauties of those far distant gems of the Pacific ocean."

BOOZE SOLICITOR FINED

Also Sentenced to Three Months on Roads at Laurens, S. C.

(By Wire to the Morning Star.)

Laurens, S. C., Sept. 29.—Fletcher Davis, representing a North Carolina distilling company, was today sentenced in the circuit court here to pay a fine of $100 or serve three months at hard labor for soliciting whiskey orders here. An appeal will be taken to the Supreme Court in which the constitutionality of the prohibition act will be attacked, upon the grounds that it is an attempt to infere with inter-State commerce.

EX-GOV. M'SWEENEY

Death of Notable South Carolinian in Baltimore.

HAD REMARKABLE CAREER

Rose From Newspaper Carrier to Editor and Served His State as Legislator and Chief Executive. Eventful Life.

Columbia, S. C., Sept. 29.—Former Governor Miles B. McSweeney, of South Carolina, who had been under treatment at Mount Hope Retreat, at Baltimore, Md., since July 18 last, died at that institution at 1:30 o'clock this morning. For the past week it had been known here that the former Governor was critically ill and his wife went to Baltimore to be with him. She was present at the time of his death as also his son Eugene B. McSweeney. The body will be brought tomorrow to his old home to Hampton, S. C., and interred there.

Former Governor McSweeney was a native of Charleston, S. C., where he was born April 18,1855. He rose from a newsboy to be Governor of the State and held many political offices in South Carolina, besides being a member of the State Legislature and president of the South Carolina Press Association.

His father died of yellow fever in Charleston, when Miles was four years of age. At 10, McSweeney sold newspapers on the streets of Charleston and later clerked in a bookstore, attending school at night. He served an apprenticeship in a job printing office and worked on newspapers in Charleston and Columbia. Mr. McSweeney won the scholarship in Washington and Lee University offered by the Charleston Typographical Union but because of lack of means to meet the necessary outside expenses he was able to attend only a short time.

In 1877 he removed to Ninety Six, Abeville county, South Carolina, where he engaged in the publication of the Ninety Six Guardian continuing in charge of that publication until 1879. He then became the publisher of the Hampton County Guardian at Hampton, S. C. From 1884 to 1894 he was chairman of the county Democratic Executive Committee. In 1894 he was elected a member of the South Carolina Legislature and in 1900 Governor of the State. For several years he was a member of the South Carolina Democratic Executive Committee, and for eight years he served as president of the South Carolina Press Association.

COOK RECORDS BURIED AT ETAH

Whitney Explains Why He Was Unable to Return for Them.

New York, Sept. 29.—The following despatch has been received by the Associated Press from Harry Whitney, the Newhaven hunter, who arrived at St. Johns, N. F., yesterday by the schooner Jeanie on his way home:

"Stephensville Crossing, N. F., Sept. 29.—Many questions are being asked of me by different papers that I desire to make the following statement to the Associated Press:

"My reasons for not going back to Etah after Dr. Cook's things were that the engine in the Jeanie, one of the smallest boats that ever went to the North Arctic, was not working satisfactorily and we were depending partly on sails, which later we had to do entirely. There was no reason why the Jeanie could not have gone back, but, not knowing that Dr. Cook's things left with me were of such importance as they have since turned out to be, I did not return. In addition, I had promised the Eskimos, who were with me after musk oxen in Elsmere Land, certain things which I expected on the ship coming for me, but they were not aboard the Jeanie and I did not want to return and disappoint the men. Another reason was that I wanted to prolong my hunting trip. I do not believe that either Dr. Cook or Commander Peary, if placed in my position, would have done any differently. Dr. Cook told me he had been to the North Pole and I was pledged not to reveal this fact to Commander Peary, but I could say that he had gone further North than Peary in 1906; that Commander Peary, to my knowledge, knew absolutely nothing about what had been left with me by Dr. Cook, except that I mentioned instruments, clothes and furs and also a narwhal horn. Dr. Cook's belongings left in my charge were placed in boxes which were nailed up. Then I saw the Eskimos cover them with rocks.

"No one could have been kinder to me or shown me more consideration than Commander Peary did while I was on the Roosevelt and he said he would be very glad to have me remain aboard and return with him instead of on the Jeanie.

"(Signed) HARRY WHITNEY."

—South Carolina now stands 36 counties dry, six wet. With the knowledge of their overwhelming majority the Prohibitionists are preparing to gain greater victories if possible. When the legislature meets next January the party will demand an amendment to the Constitution making prohibition statewide, as in Tennessee,

HARRIS ON TRIAL FOR LIFE

North Carolinian Testifies to Killing of Virginia Editor—Says He Shot in Self Defense—Editor Attacked Him.

Warrenton, Va., Sept. 29.—Professor J. D. Harris, principal of the Warrenton High School, took the witness stand in his own defense late today and told the jury, before which he is on trial for his life, why he shot and fatally wounded W. A. Thompson, editor of the Warrenton Virginian, on the streets of this place on April 24th last.

During the two hours he was under examination, Harris remained calm and the prosecution was unable to confuse him. He said that he tried to avoid the encounter with Thompson which resulted in the tragedy. When, however, they met and Thompson attacked him, he drew his revolver in self defense but deliberately fired into the ground from a kneeling position into which he had been forced by Thompson's blows. He said he fired merely to frighten Thompson into ceasing the assault upon him. It was while he was rising from his knees, he said, that he fired the shot which inadvertently took effect in Thompson's abdomen and resulted in his death 24 hours later. He said that he had no intention of killing Thompson.

Harris recited the events leading up to the shooting. He said Thompson had heaped insult after insult upon him for months preceding, because of a dispute they had had over a bill.

When Harris was excused court adjourned for the day. The other witness at the afternoon session was W. P. Ficklin, who testified as to Thompson's condition on the way to the hospital in Washington. It is believed the case will reach the jury late tomorrow.

The State placed M. W. Strother on the witness stand when court opened today. Strather, an eye witness to the shooting, described the affair. He was walking on the street with Professor Harris, he said, when they were overtaken by Thompson, who uttered an oath, apparently at Harris, whereupon the latter stepped into the street and called to Irwin Maxheimer, who was nearby, to take Thompson away, as he did not want to have any trouble with the editor. Thompson stepped forward uqickly before Maxheimer could interfere and struck Harris in the face. Maxheimer then interposed and Strother saw two shots fired toward the ground. Harris moved around, apparently with an effort and brought his revolver against Thompson's body. Strother testified to seeing a flash and hearing a muffled report. He left the scene and did not hear the fourth shot.

ROCKY MOUNT REPORTS.

Death of Young Lady—Bride Went to Meet Groom—Cotton.

Rocky Mount, N. C., Sept. 29.—After an illness of a few weeks Mrs. Henry Proctor died yesterday afternoon at her home in Edgecombe county, near Pleasant Hill church. The deceased was a young woman, having been married only about one year and a half, and leaves a husband and a large family of brothers and sisters to mourn their loss. The funeral was held at 4 o'clock this afternoon from the country home after which the remains were laid to rest in the family burying ground near the home.

According to appointment Miss Emma M. Wyatt, a young woman of Charlotte arrived in this city by train No. 42 last night, reaching here at 11:30 and she was met by Mr. B. F. Tate and they journeyed together to the home of Dr. I. M. Mercer, of the First Baptist church and there in the presence of a few invited friends the happy couple were made man and wife. Arrangements had been made by the young man, who is a resident of this city, and there were present just the required number of witnesses.

From all parts of both Nash and Edgecombe counties the rapid opening of cotton is reported and the farmers are busy picking. Much of the fleecy staple is being picked and it is being ginned in most instances as fast as possible. The sales on the local market have been unusually large during the past several days when cotton has made such a material gain in price. Every gin in both of the counties so far as can be learned, is working on full time.

SUPREME COURT OPINIONS.

FLIGHTS A FEATURE

Wright Circles Statue in Harbor at Hudson-Fulton Celebration.

HUGE BALLOONS FAIL IN RACE

Eventful Day in Great Celebration. Glenn H. Curtis Made Successful Flights—Crowds Still Trong "Old Gotham."

(By Wire to the Morning Star.)

New York, Sept. 29.—Wilbur Wright circled the great Statue of Liberty at the entrance of New York harbor in his aeroplane today, while in the upper part of the city two huge dirigible balloons failed inglorioiuesly in their task. This, the first day of flight of the Hudson-Fulton celebration was a victory for the heavier than air machine.

Both Wright and Glenu H. Curtiss soared successfully from the aerodrome of Governor's Island in their motor propelled biplanes.

Both great dirigibles, manned respectively by Captain Thomas Baldwin and George L. Tomlinson and entered in the New York World's $10,000 New York to Albany race, were forced to descend because of mechanical difficulties before they were well under way.

Wilbur Wright made three sensational flights and Curtiss made one brief, though successful test spin of 30 seconds duration. Baldwin, with his dirigible landed in the Hudson river less than an hour after the start, while Tomlinson, after remaining in the air from 11:36 A. M. to 1:30 P. M. came to earth near White Plains, N. Y., 22 miles from his starting point. Neither of the dirigible pilots was injured, nor was either craft seriously damaged.

Curtiss was the first to leave the earth. At 7 o'clock in the morning he made a brief flight. Two hours later Wright made his first ascent, encircling Governor's Island and remaining in the air for seven minutes. After an hour's rest Wright again went aloft, this time remaining in the air for six minutes and 30 seconds, attaining a speed estimated at 50 miles an hour and with a glorious sweep out over the bay, passing entirely around the great emblem of Liberty on Bedloe's Island.

Not content with these spectacular feats, Wright made a third flight at 5:20 o'clock this afternoon before a crowd of 2,000,000 persons. Yachts, excursion boats and various craft had gathered on both sides of the fill which is being used as the aviation field and they tooted their whistles noisily as his machine rose from the ground for the last flight of the day. He did not attempt to fly over the water, nor did he go to any great height, but executed two complete circles in the air, then made an excellent landing, while the crowd, including his rival, Curtiss, commented on the ease with which he manipulated his craft.

In all three of his flights today the Wright machine showed greater speed than that of Curtiss, but the Curtiss flyer seemed to keep its equilibrium better and remained on an even keel. Wright, in fact, met with one slight mishap in his first flight when a wingtip struck the ground on landing and considerably jarred his machine.

The start of the dirigible balloon race to Albany was considerable of a fiasco, but it is announced that the balloons will be made ready for another attempt at the first opportunity.

Brilliant Banquet Last Night.

The Vice President of the United States and the Governor of New York; the personal representatives of the Emperors of Germany and Japan; diplomatic representatives of 25 nations, and the special delegates of 28, sat down to table tonight in the great banquet hall of the Hotel Astor as the official guests of the Hudson-Fulton Celebration Commission.

There were in addition the officers of eight navies and the admirals of four; United States Senator Elihu Root, members of the New York State Legislature, and officers of the municipality of New York. It was one of the most brilliant banquets that the country has ever seen. Upstairs the balconies were filled with handsomely gowned women.

At the speakers' table were Jonkheer J. Louden, the minister from The Netherlands, Grand Admiral Von Koester, the personal representative of the Kaiser, Admiral of the Fleet, Sir Edward Seymour, his imperial highness Prince Kuni, Contre Admiral LePord of the French fleet, Vice President Sherman, Governor Hughes, Senator Root and Justice Brewer, on the United States Supreme Bench.

Dr. Cook and Commander Peary found mention in the speech of Vice President Sherman, who rejoiced that an American—"It matters not who"—had followed Hudson's index figure to the pole.

The speeches of Admirals Von Koester and Seymour had been awaited with much interest in view of the recent utterances in this country of the Lord Northcliffe on the possibility of war between Germany and Great Britain, but after complimenting the American navy, both only breathed peace.

SIX VARIETIES OF THE SCUPPERNONG GRAPE.

A recent article in the Star concerning the luscious scuppernong grape, which is indiginous to North Carolina and which grows to perfection most anywhere in the South, has given wide publicity to that peculiar, delightful and useful North Carolina product. The most delicious wines and jellies are made from the scuppernong and while it has been known in the South from time immemorial, it has not received the attention that its emphatic merits warrant. It may yet be a good second to cotton in making the South famous.

From an item in the Raleigh News and Observer of September 29th, we note that there are six varieties of the scuppernong, probably all but one hybrids. The Star is gratified that North Carolina's famous native grape is to be specially exhibited when the National Farmers' Congress meets in Raleigh November 18th to 23rd. Mr. Shaw, assistant State horticulturist has put in cold storage at the State Museum 150 baskets of scuppernongs, including six varieties, such as the James Flowers, the Misch, and others, and these are to be on exhibition during the sitting of the National Farmers' Congress, which will be attended by several hundred delegates from at least twenty-six States.

We presume that some of the scuppernongs which are to be displayed for the delectation of the delegates from so many States, are products of the fine old county of Cumberland, on the upper Cape Fear. If so, it will give Cumberland county a wide publicity that will go not amiss. The Fayetteville Observer of Tuesday says about the Cumberland grapes referred to:

"Yesterday Mr. A. S. Huske shipped a number of baskets of scuppernong grapes to parties in Texas, who had ordered them. Tomorrow Mr. Huske will ship 100 baskets of scuppernongs to Greensboro, where they will be kept on cold storage until the 18th of October, when they will be sent to Raleigh to be exhibited at the National Farmers' Congress, which will be in session there the first week in November."

Cumberland county is displaying commendable enterprise in attracting attention to her resources at the State fair to be held in October and at the National Farmers' Congress to be held in November. For instance, the Fayetteville Observer continues:

"Capt. J. H. Currie, president of the State Agricultural Society, is negotiating with the Raleigh & Southport to have that road run several special trains to Fayetteville for the purpose of bringing delegates to the National Convention from Raleigh to Fayetteville with a view to showing them the varied agricultural interests of Cumberland. It has been a custom of late years for delegates to these National Conventions to take side trips during, or after the meeting. Leading farmers from all over the United States and some from Canada will be in attendance upon this convention."

The canning industry is a side issue to the grape subject, but in mentioning the fact that Assistant State Horticulturist Shaw will make that special exhibit of scuppernongs, the Raleigh News and Observer adds:

"He is also making a notable show of canned vegetables. This is being done by a new process and Mr. Shaw will make a tour of the State to illustrate. The canning industry, now small, can be made an important industry in North Carolina. The Central Hospital for the Insane has put up this season over 15,000 cans, the patients doing the work of picking and canning."

The instances of the flattering opportunity for the canning industry in North Carolina are numerous, and no doubt publicity, along with the statement of facts that can be found in the above, will result in the establishment of an industry that it is a shame to longer neglect.

CATTLE RAISING IN NORTH CAROLINA.

In view of the good prices for beef, mutton, pork, etc., it would seem that cattle raising is one of the opportunities that are so abundantly offered by North Carolina to the right sort of men. Some years ago the Wilmington market was supplied with the very highest quality of beef from cattle raised in the swamp and pocosin country around Wilmington. However, the introduction of Western beef destroyed the cattle raising industry, not because it was better, but because of economical reasons and the competitive methods practiced against the home product. The time seems ripe for another era of cattle-raising, even if the demand is merely local or urban.

In Wilmington we still have much of the delicious and savory North Carolina ham, and right now we are feasting upon a quality of home-raised lamb and mutton well calculated to make your hair curl. Some of the farmers in Brunswick and other counties contiguous to Wilmington continue to raise sheep and they find the business profitable. Several times recently we have seen droves of sheep driven into the city for the local market. We have no doubt if the supply were greater, other markets could be readily secured.

Besides the adaptability of the swamp country for raising cattle and sheep, the mountain country is peculiarly adapted to the industry. Not long ago the Star mentioned that several thousand Spring lambs were driven in from the mountains of Wautauga county and shipped to the New York market. In order to help along with the idea that cattle raising is worth while in North Carolina, here is an item sent from Asheville on Tuesday:

"Western North Carolina and incidentally Buncombe county, is rapidly coming to the front as a great cattle and sheep-raising section. Every Spring and Fall fine cattle and high-priced Spring lambs are brought here to market from the grazing lands in the mountains, and those experts who know a good beef or an extra fine lamb when they see one are agreed that no finer beef and no finer lamb than that marketed here is to be found in any section of the country. There is also good money in cattle-raising in this western section of the State as was evidenced Saturday when Mr. William Waldrop of the Sandy Mush section of Buncombe drove to town a herd of 30 fine steers, 2, 3 and 4 years old; the average weighed over 1,000 lbs. and he marketed them on the hoof for 4 cents per pound; a total for the 30 head of more than $1,200 in cash. Mr. Waldrop also brought along 50 lambs that averaged 75 pounds each and sold them for an average of little more than $4 per lamb. Mr. Waldrop last Spring marketed a fine bunch of beef cattle, disposing of the steers at 4 cents per pound gross."

It looks good to us. How does it strike you?

GOVERNOR KITCHIN SAWING WOOD.

A number of the Star's exchanges consider it strange that when Governor Kitchin got on his job at the State capital, he has not taken advantage of it to spend a good deal of his time making speeches all over the State. The latest reference to it is found in the Winston-Salem Sentinel, which observes:

"It has been a good while since North Carolina had a Governor who made as few speches as Governor Kitchin. And yet, when he was contesting for the nomination, some people professed to believe that he would spend a good deal of his time, if elected Governor, going up and down the State making speeches and stirring up as much agitation as possible."

This shows that "some people" underestimated the Governor's sagacity. He doesn't believe in taking to the woods to say anything unless there is something to say. Of course, there are a lot of people who are disappointed that the Governor doesn't get busy and "put his foot in it." However, he knows a good many things that he doesn't talk about and one of them is that the less a man talks the more he will have to say when the time comes. Never-the-less, there are "some people" who would like to see him talk a great deal, or, preferably, that he "might write a book."

THE PRESIDENT WILL DO HIS PART.

The Westerners are pleased because President Taft promised them an appropriation of $10,000,000 for continuing the government irrigation project. President Taft means well, but why will he go on making promises without consulting Senator Aldrich?

During his campaign discussion of the tariff, Mr. Taft promised the people revision downward but at the time he had entirely overlooked the fact that Senator Aldrich would have more to do with revising the tariff than would the President. Of course, it is very well that President Taft should go on making promises but it is also well for us all to understand that he is not always in a position to deliver the goods. The President will merely do his part to make good.

BOB PHILLIPS IN HARNESS AGAIN.

The Greensboro News (Republican) announces that Mr. Robert M. Phillips has become associate editor of that paper. That is where the News scores and then some more. Mr. Phillips was editor of the Raleigh Post and later established the Newbern Sun, and first and last he has had newspaper experience in other connections. He is a fine fellow and is well equipped for service in a newspaper shop. This acquisition is where the News comes in for congratulations. We are hoeing a different political row to that of the News, but it is making good as an enterprising and excellent newspaper.

The cartoonists have given us a better idea of "the top of the world" than even Cook or Peary. It's the cartoonists for us.

The Grecian nose is still popular but it is entirely different with the nose that is constantly out of joint because its owner can't run his local newspaper.

The Savannah Morning News remarks: "Bailey and Bryan may debate in Atlanta, which serves that city exactly right." May be just retribution for Atlanta's arrogance.

"What is the North Pole, anyhow?" inquires an editor with a penchant for seeking information. Well, we can state authoritatively that it is really "the bone of contention."

It now turns out that Dr. Eliot's suggestion of a new religion was really harmless. That's the way it struck us, because if he had meant business, he would have taken up a collection.

A lot of South Carolinians have moved to Cumberland county, N. C. Some South Carolinians deserve credit for deciding to settle in a State where opportunities are smiling on all sides.

Minister Wu declares that the Chinese discovered the North Pole 6,000 years ago. Well, if they did they failed to pass the lie and the circumstance went glimmering into the galleries of forgetfulness.

The Charlotte News of Tuesday runs an editorial on "Peary—As a Man." As an explorer, Peary is one of our side-partners, but he fell down on us when he had the chance to prove that he is a man among men.

Senator Tillman pretended to be tickled over the result of that verdict of "not guilty" in the Farnum case. The individual who could be tickled under circumstances so serious as that would laugh in the height of a tragedy interpretation at the theatre.

A New York burglar says he doesn't get more than $400 to $450 a year with his jimmy and false keys and as that doesn't pay him for the risk he takes, he has decided to quit the business. Probably he realizes that his method was at fault and he has decided that the Wall Street kind is more conducive to "profit taking."

France proposes to increase her tariff taxes on imports from the United States. Two results are possible. One that it may decrease our trade with France, and the other that the French consumers of American products will have to pay the freight and the increased tariff tax. The consumer will be hurt the most.

CURRENT COMMENT.

—On this zephyr-fanned, and sun-kissed autumn morning it is a sweetly solemn thought that the first of a series of five circusses will be with us this week.—Charlotte News.

—The South was adjudged in error, because it possessed party solidarity. The West is equally in error for refusing to accept party solidarity. Nothing is perfect but politics in New England and industrial conditions in Pennsylvania.—Jacksonville Times-Union.

—They are kicking now because Mr. Taft preached in a Mormon church. Well, it appears to us, from what we have heard of these people, that he struck the right spot if he was calling the sinners, and not the righteous, to repentance. — Greensboro News (Rep.)

—It is strange but true that the people who will get the greatest benefit from good roads, in proportion to what they pay, are usually the very people that kick the hardest when it is proposed to spend a considerable sum of money for this purpose.—Winston-Salem Sentinel.

—Wilbur Wright says that too many men flying now are being led astray by a desire for notoriety. He might have said that too many men are walking, running, motoring, golfing, tennising, preaching, shooting, writing, painting, acting, paragraphing and exploring for the same reason.—Savannah Morning News.

—While "Buck" Duke is charged with running the price of tobacco down, he is now accused of running the price of cotton up. We are easy, but if the redoubtable "Buck" runs up the price of 'possum, 'taters, sorghum, cordwood, and the upland nubbin, we shall be a "night rider" henceforth to the finish.—Greensboro News (Rep.)

—Mt. Pleasant has a double barrel load to deliver near-beer dealers. The amended charter of the North Carolina Collegiate Institute prohibits the sale of spirituous, vinous or malt liquors within a mile of the Institute and to clinch the matter the commissioners of the town have fixed the tax for near-beer places at $5,000. The combination, it is needless to say, will prove all sufficient.—Salisbury Post.

TWINKLINGS.

—Do you believe surgery can ward off old age?" "Oh, yes. Frequently the patient dies under an operation."—Philadelphia Public Ledger.

—She—That's Mr. Osborn over there. He married a million. He—You don't say. Well, that beats Solomon to a frazzle.—Boston Transcript.

—First Milliner—You have designed the North Pole hat? Second Milliner—Yes; it will be a matter of dispute between the purchaser and her husband.—New York Sun.

—Young Wife—This dish, dearest, is an original composition of my own. Husband—Well, I should rather, my pet, that you could cook after the old masters.—Meggendorfer Blaetter.

—"I wonder if moths have any preference as to textile fabrics?" "I should think cheese cloth would make tasty eating,' returned the other party to the conversation.—Pittsburg Post.

—"With all the poets writing street car verse, Pegasus is out of a job." "Who is Pegasus?" "The winged horse." "He might get work towing disabled airships in."—Washington Herald.

—Jack—Those young widows have an advantage over you single girls, because they know all about men. Madge—Yes, and because the only men who know all about them are dead.—Boston Transcript.

The Theatre

Today the Crystal Palace will present its regular semi-weekly change of programme and the new bill will be something swell, it is promised by the management. There will be a complete change of specialties and the changed offering will be especially marked by vigorous comedy, something that all Palace-goers dearly love. It will also be a novel bill, as the musical team of Schwab and Knell will introduce many unique musical features in connection with their act. The first performance of the new bill will go on at 3:30 o'clock this afternoon.

Commencing next Monday, the hours for the night performance will be changed. The first evening show will start promptly at 8:15 o'clock and the second will begin at 9:15 o'clock. The time for the afternoon performances will remain unchanged.

"A Gentleman From Mississippi."

"A Gentleman From Mississippi," a comedy that has made a new record in annals of long theatrical runs, will be shown at the New Academy of Music Saturday, matinee and night. It is the work of Harrison Rhodes, the American novelist and playwright, and Thomas A. Wise, the actor, and is the first successful play of Washington official and social life to be staged since "The Senator" and "A

Texas Steer," in 1890. Moreover, it has been described by all the New York City newspapers and the leading magazines and other periodicals as "the best American comedy since 'The Senator'."

Seats for both matinee and night will go on sale at the Crystal Palace tomorrow morning at 9 o'clock. The matinee prices will be 50 and 75 cents and $1.; at night to $1.50.

Ladies Will be Free.

As its first popular price offering of the season the Academy all next week will present the well known Williams Comedy Company, which ranks with the best attractions of its kind and which heretofore has been a favorite in Wilmington. The company this season is said to measure up to its usual standard of excellence and in addition to presenting a big New York success, has a splendid vaudeville bill for each performance. As special courtesy to the ladies they will be admitted free under the usual conditions, providing seats are secured before 6 o'clock Monday afternoon. The seat sale will commence at the Crystal Palace Saturday morning at 9 o'clock.

At the Bijou Today.

"Apprentice Boys at Newport Naval Training Station" and "A Coward" will be shown at the Bijou today. Nearly three hundred apprentices participated in the boat practice at Newport, which was carried out to the point of showing the men entrenched, firing and then advancing in heavy skirmish order. It is a decidedly unusual scene, revealing the method of landing and of how our sea dogs conduct themselves when ordered ashore to fight as infantry. "A Coward" is a powerful silent drama and is a picture that cannot be forgotten.

—It was very fitting that the Southern people should have celebrated the one hundredth anniversary of the birth of Admiral Raphael Semmes. He was a naval hero born of the South's necessities in war, and his record on the high seas is unmatched for dash bravery and daring. He was a fighter to the last. When he finally had to abandon his gunboats in the James river, he made his way to Richmond with his marines and set out to join the fleeing Confederates at Danville. If he had had a chance to give land battle he would but have added to his fame. There was but one Raphael Semmes, but in John Maffitt, of Wilmington, the Confederate navy had a commander to match him in courage and daring.—Charlotte Chronicle.

S.S.S. CURES OLD SORES

If an old sore existed simply because the flesh was diseased at that particular spot, it would be an easy matter to apply some remedy directly to the place that would kill the germs; or the diseased flesh might be removed by a surgical operation and a cure effected. But the very fact that old sores resist every form of local or external treatment, and even return after being cut away, shows that back of them is a morbid cause which must be removed before a cure can result. Just as long as the pollution continues in the blood, the ulcer remains an open cesspool for the deposit of impurities which the circulation throws off. S. S. S. cures Old Sores by purifying the blood. It removes every trace of impurity and taint from the circulation, and thus completely does away with the cause. When S. S. S. has cleansed the blood, the sore begins to heal, and it is not a surface cure, but the healing process begins at the bottom; soon the discharge ceases, the inflammation leaves, and the place fills in with firm, healthy flesh. Under the purifying and tonic effects of S. S. S. the system is built up, and those whose health has been impaired by the drain and worry of an old sore will be doubly benefited by its use. DEEP INTEREST SHOWN

Large Congregations Hear Mr. Coman at Fifth Street Church.

At Fifth Street Methodist Church last night Rev. D. H. Coman, of Lenoir, preached a powerful and soul-stirring sermon to a congregation that filled every seat in the edifice. It was the largest congregation that has yet attended the revival services and the deepest interest was manifested. Mr. Coman used as his subject "The Nonconformity to this World on the Part of the Genuine Christian." The genuine Christian, he said, is not fashioned after this world. When a man dedicatos himself to the Lord he separates himself from the things of the world and devotes his life to service for the Master. The Church is the bride of the lamb and when a man violates the rules of Christian living he breaks the marital vows, so to speak. It was a great sermon and the congregation was deeply moved, practically every person in the church asking for prayer. There were several professions of faith. The service at 4 o'clock yesterday afternoon was also attended by a large congregation and much interest was shown. Services today at 4 and 8 P. M. The public is urged to hear this able and eloquent man of God.

EDUCATIONAL MEETING

Now in Progress at Colored Methodist Church in This City.

A series of educational meetings, consisting of addresses and sermons by leading colored ministers and laymen began at Trinity Methodist church, colored, corner of Seventh and Brunswick streets, on Tuesday, and will continue through next Sunday. Last night at 7:30 o'clock an address was made by Dr. G. D. Carnes, pastor of St. Stephen's A. M. E. church. At the meeting today Rev. G. W Moore, D D. will make the address and the singing will be by the choir of Central Baptist church Rev. E. T. Bailey will take part in the meeting. On Friday night Dr. J. A. Bonner will be among the principal speakers and his choir will sing On the closing day of the meetings the pastor of the church will preach at 11 A. M. Rev. T. A. Smott, pastor of Grace Methodist church, will address the meeting on Sunday afternoon at 3 o'clock. The public is cordially invited to these services.

LOCAL DOTS.

—A young man with four years' experience in clerical work advertises in the business locals for a position. He is willing to accept without wages until he "makes good."

—L. D. Richardson, a well known colored barber, has purchased half interest in Julius A. Murray's shop in the Southern Building and will be located with him after October 1st.

—The social event announced to take place tomorrow night at the armory of the Wilmington Light Infantry, under the auspices of the Wilmington Football Association, has been indefinitely postponed.

—Mr. W. J. Spooner yesterday swore out before Justice G. W. Bornemann a peace warrant against Mr. Archie King. Mr. King gave $100 bond for his appearance at trial Saturday at 12 o'clock when a case for assault and battery upon Mr. W. B. Brice will also be investigated.

—The case against J. W. Humphrey, a white man, charged with abandonment and non-support, continued several times, is set for trial before Recorder Furlong this afternoon. It is likely that it will be continued again as two of the lawyers in the case will probably be engaged in the Superior court at that hour.

—A force of hands was busy yesterday moving the furniture and fixtures of the Wilmington Water and Sewerage Commission from its office on Princess street to the City Hall, where the office of the commission will be as soon as the improvements on the hall are completed. Mr. James Owen Reilly, real estate and insurance agent, is moving into the office being vacated by the commission and Mr. Reilly's old office will be occupied by Tiencken's barber shop.

BATE-FREDERICK NUPTIALS.

Pretty Marriage Solemnized at Magnolia Yesterday.

The marriage of Mr. William E. Bate, of this city, and Miss Mary Louise Frederick, daughter of Mrs. Elizabeth Frederick, was solemnized at the home of the bride at Magnolia yesterday afternoon at 3 o'clock and the announcement will be of much interest and pleasure to many friends of the couple in this city.

The home was beautifully decorated for the event and the ceremony was witnessed by a large number of admiring friends of the popular couple. The attendants were Miss Maggie Bate, sister of the groom, maid of honor, and Mr. J. C. Blanchard, of Warsaw, best man. Rev. Father Gallagher officiated.

Following the ceremony the couple repaired to the station and came to this city, where the groom makes his headquarters as engineer for the Coast Line, and where they will make their home. Miss Frederick is an accomplished young lady and the couple have many friends who extended them happiest felicitations.

Among the attendants from this city were Mr. and Mrs. John J. Furlong, the groom being a brother of Mrs. Furlong; Misses Cecelia Bate and Sallie Frederick, a sister of the bride, and Mrs. T. C. Dickinson.

MARRIED IN "JOYLAND."

Novel Wedding Solemnized in New Theatre Last Night.

One of the most unique weddings ever solemnized in Wilmington was celebrated at 10:30 o'clock last night in "Joyland" theatre, the new and promising amusement resort on Market street, when Mr. A. L. Shaffner, of Guilford county, and Mrs. Mary Tyler, of this city, were happily united in marriage, the words that made them man and wife being spoken by Justice G. W. Bornemann. The ceremony was performed in the presence of a large number of the patrons of the retreat while the motion pictures were being shown. Mr. Frank Peiffer, the popular manager of "Joyland" was the best man and entered the theatre with the happy couple to the strains of sweet and inspiring music rendered by the "Joyland Orchestra." Mr. and Mrs. Shaffner received the happiest felicitations of those who witnessed the novel ceremony. Mr. and Mrs. Shaffner were guests at the Bonitz Hotel last night. They will make their home in Guilford county. The novelty of being married in "Joyland" appealed to Mr. and Mrs. Shaffner and they requested that the ceremony be performed there.

FATHER CAVENAUGH DEAD.

Passed Away Yesterday Morning in Baltimore Hospital—Once Here.

A telegram yesterday to Rev. Father C. Dennen conveyed to friends in this city the sad news of the death of Rev. Father James Cavenaugh, formerly assistant to the priest of St. Thomas' Catholic Church in this city, and much beloved by all in the circle of his acquaintance. It will be recalled that Father Cavenaugh a few years ago was transferred from St. Thomas' in this city to Southern Pines. His health began to break several months ago and recently he went to a hospital in Baltimore for treatment. It was while there that he passed away yesterday morning. It is expected that the remains will be taken to his former home at Kane, Pa., for interment. Father Cavenaugh was about 35 years of age.

Larceny of Watch Charged.

Patrolman C. A. Bradshaw late yesterday afternoon arrested S. E. Patterson, colored, on the charge of stealing a watch from Mr. J. L. Wilkins yesterday. The negro was employed to help move Mr. Wilkins and family and it is charged that he stole the watch, valued at $19, while at work. The warrant was sworn out before Justice J. H. Sykes. The negro was lodged in jail in default of bond and will be tried today.

Sales Department Divided.

Since the death of Mr. L. A. Carr, at Durham, for many years sales manager of the Virginia-Carolina Chemical Company for this State, the company has divided this department into two, making the eastern and western divisions. Captain E. J. Parish, of Durham, is now in charge of the eastern section and Mr. W. T. Brown, of Winston-Salem, of the western section.

GRADED SCHOOL TEACHERS

Those Who Will Have the Care of Training the Young Minds of City Announced Yesterday. Schools Open Monday.

Mr. John J. Blair, superintendent of the city graded schools, yesterday announced the faculties of the three schools of the city which begin the Fall session next Monday morning. The indications are that enrollment at each school will be large. Mr. Blair returned to the city several days ago from his Summer vacation and has been busy ever since getting things in readiness for the opening.

Those who expect to enter the High School are requested to present themselves for examination and classification Friday and Saturday of this week. The small children who expect to enter Union and Hemenway schools for the first time are requested to go to the respective school buildings Saturday, when they will be met there by the teachers.

The teachers as announced are:

High School—Prof. Perry E. Seagle, principal; Misses Isabel Gulley, Fredericka Jenkins, Agnes Carr, Lelia M. Jackson, Susie M. Herr, Sarah R. Boals, Madge W. Goode, Kate Meares, assistants.

Union No. 2.—Miss M. E. Cook, principal; Misses Eliza Meares, Adelaide Meares, Kate Alderman, L. Belle Anderson, Julia Hill, Maud Kingsbury, Mrs. Mary D. Parsley, Misses Gertrude Bryan, Sarah Crosswell, Annie McKoy, Maggie Wood, Lucy McIntosh, Theodore LeGrand, Mrs. Isabel St. Amand, Misses Meta LeGrand, Jennie Jackson, Mrs. R. L. Cobb, Misses Margaret Gibson, Hattie Lou Smith, Ruth F. Shaw, Elizabeth J. Black, assistants.

Hemenway—Prof. Wingate Underhill, principal; Misses Kate Yarborough, Kate Johnson, Bessie Lodor, Augusta Wiggins, Florrie King, Margaret Horsfield, Mrs. E. R. Clark, Misses Sue Boon, Claire Lathrop, Mary Bernard, Eva Farmer, Ida Hankins, Annie Hill Holmes, Louise Hill, Lydia Yates, Jennie D. Wood, Mary B. Jones, assistants.

12 MONTHS ON ROADS.

James Anderson, Colored, Convicted of Assault on Woman.

Yesterday's session of the Recorder's court was presided over by Substitute Recorder George Harriss in the absence of Recorder John J. Furlong, who was out of the city for the day.

James Anderson, colored, who cut and seriously wounded Louis Robinson, colored, on the night of July 13th and left immediately thereafter for parts unknown, was apprehended early yesterday morning, being captured in Brooklyn by Patrolman W. G. Brinkley. He was the lone defendant in court yesterday. He was convicted and sentenced to the county roads for 12 months. He accepted the sentence and will begin at once to do service for the county. It will be recalled that the woman was seriously stabbed in the breast, but after the wound was dressed at the hospital returned to her home. About two weeks later a Louis Robinson died and it was reported to the police that she was the one slashed by Anderson but this proved a mistake.

The case against Mr. W. C. Suggs for assault with a billiard cue upon Mr. E. S. Piver in Mr. Melvin Horne's pool room Tuesday afternoon had to be continued until Saturday, the injured man's condition being such as not to permit of his being out before that time

A case against Mr. Archie King, charged with trespass, was continued until today. The cases against Mr. King and Mr. W. B. Brice, charged with an assault, were continued until Saturday.

HOME FROM EUROPE

Mr. and Mrs. James Sprunt Travelled 12,000 Miles During Summer.

Mr. and Mrs. James Sprunt, who have been on an extended European tour, since last June, arrived home yesterday from Narragansett Pier, Rhode Island, where they have been spending the past three weeks at Mr. Sprunt's Summer home, upon their return from abroad.

They visited Germany, Belgium, Scotland and England and toured 4,000 miles in an automobile, which proved an interesting and most delightful feature of their trip. The auto is used extensively in touring Europe and this manner of travel is growing more popular each year. Mr. Sprunt in speaking of their delightful sojourn in Germany was enthusiastic in his praise of the good roads in that country, believing them to be the best in the world. Mr. Sprunt at different times has travelled over Italian, French and Spanish roads, but says they have no comparison with those of Germany.

Their visit was altogether pleasant and they are being greeted most pleasantly by their many Wilmington friends upon their return. Mr. Laurence Sprunt returned from Narragansett Pier to Princeton where he has resumed his studies.

LIGHT FROSTS YESTERDAY.

Reported by Early Risers From East Wilmington—Up the State.

Light frosts in exposed places and where conditions were very favorable were reported by early risers from East Wilmington yesterday morning. The frost occurred on one of the earliest dates known in this section, though there were no crops to be damaged.

Several points up the State reported heavier frosts yesterday morning, but so far as is known there was little damage, though the top crop of cotton may have been cut off to some extent. The minimum temperature here yesterday morning was 48 degrees, the maximum 73 degrees.

KIRSCHBAUM'S
HAND-MADE CLOTHING

Initial Showing of This Popular Brand at Rehder's

The new Fall line of Kirschbaum's Hand-Made Clothing for men, made famous throughout the country for its style, workmanship, quality and value, will have its initial display at Rehder's.

KIRSCHBAUM'S high-grade hand made clothes has been on the market for several years and has built a wide world reputation of being the best clothes that the money can produce :: :: ::

You Need No Order-Made Suit

There's a popular idea that because a man has a small tailor shop of his own he can make better clothes that fit and wear better and are more stylish than those you can buy ready-to-wear.

The truth of the matter is that the very fact that his shop is so "exclusive" makes him unable to do this.

The Kirschbaum brand of clothes have a large tailoring plant and employ the best tailors that money can hire and the suits turned out by them, although sold for much less than the order-made kind, fits better, is made better, gives better service, and is a better piece of material in every case.

FIRE DESTROYS HOME.

House Occupied by Mr. W. S. Dennis, on Middle Sound, Burned.

Fire Tuesday morning at 8 o'clock destroyed the house occupied by Mr. W. S. Dennis, on Middle Sound, Harnett township, the contents of the building and the smokehouse a short distance from the residence. Mrs. Dennis was visiting relatives in another county and Mr. Dennis was in his field when he noticed his home in a blaze. He hastened to the house but from the information received here he was too late to save any of the household effects. It was a six-room frame building and burned rapidly. Among the contents of the building was a piano. It was not learned whether Mr. Dennis had any insurance on his belongings.

The building was owned by Dr. S. E. Koonce, of this city, who stated yesterday that his loss would be about $1,250, with $800 insurance. The origin of the fire is not known, but is supposed to have been caused from a defective flue.

MR. B. H. TYRRELL HERE.

New Physical Director of Y. M. C. A. in Charge of That Department.

The new physical director of the Y. M. C. A., Mr. B. H. Tyrrell, arrived yesterday with Mrs. Tyrrell from their home at Wooster, Ohio, and he will immediately assume charge of that department, succeeding Dr. Burkhardt, who resigned last Spring. For two years he served in the same capacity at the New Brittain, Conn., Association.

Mr. Tyrrell is an affable and clever young man and is being pleasantly received by members of the Association. A number of new features will be introduced in the physical department and the Fall gymnastics will be made most interesting. Arrangements are being made for the initial opening of the general Fall work, which begins next Monday.

LOADING COTTON STEAMERS.

Two Cleared With Staple for Foreign Markets This Week.

Clearing within one day of each other, the British steamer Vauxhall Bridge, Capt. Robinson, sailed yesterday with 11,938 bales of cotton, and the British steamer Gymeric, Capt. Hall, will sail today with 13,664 bales of the staple, the former for Manchester, England, and the latter for Liverpool.

Good receipts of the staple are being received daily at the port of Wilmington and cotton steamers in port are being rapidly loaded. There are two here now for cotton besides those mentioned. The Gymeric's cargo is valued at $891,000. The vessels and cargoes are by Messrs. Alexander Sprunt & Son.

Bert Kite in New Jersey.

The Wilmington fans will be interested to know that Catcher Bert Kite, the favorite with the Wilmington baseball team the past season, has been playing in New Jersey of late and has been adding fresh laurels to his name. In a game with the Camden A. C. team this week against Riverton for the championship of the two aggregations he made three hits, tearing the hide off one of them for a home run. The Camden paper speaks in highest terms of the playing of Kite.

DAVID'S

THREE hundred years ago, Henry Hudson, an adventurous Dutch sailor, in a little ship called the "Half Moon," sailed up what is now the harbor of New York, and up the great river which now bears his name.

Two hundred years later, a hundred years ago, Robert Fulton, amid the jeers and ridicule of his fellow townsmen, who said he was a crank, and couldn't possibly do it, made a voyage up the same historic river, from New York to Albany, in the "Clermont," the first vessel ever propelled by steam.

And now the country is celebrating these two historic events in a great pageant; the two clumsy little vessels, reproduced in exact size and appearance, are to be saluted by a great fleet of warships, assembled from all the big navies of the world; and civic and military parades and commemorative exercises are to be held in honor of these two historic events in the progress of civilization.

You'll read about it in all the newspapers. Meanwhile, we've discovered something, too. We've found that

Hart Schaffner & Marx Clothes

are the best clothes made; that we can serve our fellowmen to best advantage by supplying these clothes. It's a discovery which a lot of others have also made; more men who dress well wear these clothes today than any other make; and the number is steadily increasing.

You can join in this sort of a celebration; you can wear these clothes now; you don't have to engage in any voyages of discovery, nor endure the ridicule of your friends; you can be as well dressed as any man in America, at small expense of time and money, by coming to this store and getting into Hart Schaffner & Marx clothes.

All their fabrics are all-wool. Grays and blues are the leading colors for suits; the variety of patterns is almost endless. We have overcoats also in many new fabrics and models; and want you to see them. Suits $22.50 to 27.50. Overcoats $16.50 to $30.00.

A SUGGESTION.

(Communicated.)

Mr. Editor:—Inasmuch as our city is making a strenuous effort to entertain our President when he comes next month, allow me to suggest that our citizens put every foot forward and that a general clean-up of every home, commencing at the back fence, and each work up to the middle of the street on which they live, each with a view of entertaining the President at his own home, and while we are making a general clean-up, let us pull all the sand spurs up by the root and put them in the fire. There are enough idle school boys who could undertake this work, and clean up by Saturday. Yours truly,

R. W. HICKS.

RAILROAD CONTRACTS LET

Grading and Concrete Work on Wadesboro and Florence Branch For Connection With Winston Southbound—Firms.

Contracts were awarded yesterday from the office of the Chief Engineer of the Atlantic Coast Line Railroad Company, in this city, for the grading and concrete work necessary to standardizing the branch line of the company from Florence, S. C., to a connection with the Winston-Salem Southbound at Wadesboro, N. C., a distance of 65 miles, the contracts going to the Furgeson Contracting Co., No. 37 Wall Street, and Sundstron & Stratton, 90 West street, New York.

The standardization of this branch road, it is understood will cost the Atlantic Coast Line upwards of a million and a half dollars, and the contracts let yesterday are among the largest in connection with the big improvement. As has previously been noted the Atlantic Coast Line and Norfolk and Western are financing the building of the Southbound, which will afford a direct connection with the latter at Winston and with the A. C. L. at Wadesboro, making an air line to the vast coal fields reached by the Norfolk and Western. The branch line from Wadesboro to Florence is to be straightened, regarded and laid with much heavier rail to take care of the heavy traffic that will be handled upon completion of the Southbound. For the work for which contracts were awarded yesterday there were forty-odd bidders and it required considerable time in the Engineers' office to examine the specifications and make the awards. The work will begin as soon as the material can be gotten together and the various sub-contracts are let, which will be at an early date.

The work will consist of the following approximate quantities; Excavation of 1,1000,000 cubic yards, concrete work of 14,000 yards and laying 15 miles of track according to the grade revision. It is understood that the road will be put in condition for handling the heaviest traffic and that the work will be commenced simultaneously at both ends of the line, Wadesboro and Florence. It is expected that the work will require about ten months for completion.

A Craving For Sweets.

Advocating the use of sweet fruits, preserves, sugar and good candy by children, Dr. Woods Hutchinson in Success says that a craving for sweets is nature's call for the substance which is "a full blown member of the great trinity of nutrient materials, sugar (carbohydrate), meat (protein) and fat. Sugar is wood, coal, gasoline for the muscle engine. Every time the tiny engine gives one of its rhythmical explosions—that is to say, when a muscle contracts—a certain amount of sugar is burned up. It is fortunate for people whom a mistaken conscience deprives of sweets that the human body can manufacture sugar out of many foods, out of meat, milk, vegetables and grains; otherwise the body would go into the desperate business of manufacturing sugar out of its own tissues, which is precisely what diabetics did in the days when this disease was supposed to be due to too much sugar in the food and physicians tried to cure it by cutting sweets and sweetmakers out of the patient's diet.

Many "dark days" from kidney ills.
Backache, headache—Nervous, tired,
Urinary trouble—make you gloomy.
Doan's Kidney Pills bring relief;
Bring cure to every kidney sufferer.
They are endorsed by Wilmington.

Mrs. J. B. Turner, 402 S. Fifth St., Wilmington, N. C., says: "My advice to anyone suffering from kidney trouble is to use Doan's Kidney Pills as from personal experience I know that they are a valuable remedy. Backache and severe pains in my kidneys bothered me for a long time. I also had headaches, my eyes pained me and I felt generally miserable. When Doan's Kidney Pills were recommended to me, I procured a box from Robert R. Bellamy's drug store and used them as directed. They stopped the backache and headaches and acted as a tonic to my system."

CASES IN SUPERIOR COURT

From Sentences Given it Does Not Pay to Appeal From Recorder's Court—Cases for Perjury. Stephens' Trial.

That it does not always pay to appeal to the Superior court from the Recorder's court was abundantly shown in several cases yesterday, when the defendants were convicted and sentenced by Judge Allen to do double and quadruple the time on the county roads imposed by the lower court. Practically the entire time of the court so far has been taken up with appeals from the Recorder's court, and the sentences imposed yesterday will probably have a tendency to diminish the number of appeals hereafter.

Another fact that was plainly shown yesterday is that it is a dangerous thing for defendants and witnesses to go upon the stand and swear falsely. The grand jury during the three days of the present term has returned three bills of indictment for perjury. Two of these indictments were made yesterday and one of the defendants was tried late yesterday afternoon, convicted and sentenced. The other cases may be heard this morning.

The case against Joseph Stephens, the young white man charged with the killing of Mr. E. R. Sields in the northern part of the city in July of this year, is set for trial today. It is understood that both sides are ready for trial and it is probable that the case will be taken up as scheduled. Several hours will be required to select the jury. There are a number of witnesses for both the defendant and the prosecution. It was stated yesterday afternoon by one of the attorneys in the case that at least the remainder of the week would be consumed in the trial of the case and that possibly it would extend over into the civil term which begins Monday.

When court reconvened yesterday morning the trial of the case against Arthur Walker, colored, charged with highway robbery, being accused of snatching a pocketbook from Kate Koonce, colored, was resumed. The trial consumed the greater portion of the morning session, being stubbornly fought on both sides. Mr. C. VanAmringe, against whom a judgment of nisci for $40 and instanter subpoena, was entered Tuesday afternoon, was present yesterday morning as a witness for the State. He gave Judge Allen a satisfactory excuse for not being present and the fine was not imposed. Geo. L. Peschau, Esq., represented the defendant in this case and will probably appear for him in the case in which he is charged with perjury. Mr. Peschau did not appear for the negro in the assault with deadly weapon case, tried Tuesday, and out of which the perjury case grew. The jury found Walker guilty of highway robbery. Sentence in this case and the assault with deadly weapon case is held up pending the trial of the perjury case, some disposition of which will likely be made this morning.

Thomas Divine, colored, is one of those who have probably learned that it is not always the wise thing to appeal from the decision of the Recorder. Divine was tried before the Recorder a few weeks ago on the charge of selling whiskey to William Robertson, colored, in violation of the prohibition law. Being found guilty the Recorder imposed a fine of $50, or a term of three months on the county roads. The negro was represented in the Recorder's court by Walter P. Gafford and Geo. L. Peschau, Esqs., who advised him to abide by the decision of the lower court. Divine was not satisfied, however, believing that a jury would declare him guiltless, so took an appeal, and in the higher court appeared as his own lawyer. Divine swore that he did not sell Robertson any whiskey and Robertson swore that he did not buy any. But Mounted Officers Frank George and T. M. Hall testified that they saw the transaction. They were attracted to a house on Queen street, near Tenth, on the night of August 23rd by a commotion within. Arriving there they peered through the window and heard Robertson say to Divine that he wanted some whiskey but had only seven cents in his pocket. Divine let him have a drink for seven cents and credited him for a half pint. Both negroes were arrested and sent to the City Hall. Assistant Chief of Police Burnett was told over the telephone that the Divine negro had seven cents in his pocket. Chief Burnett testified that he found the money on Divine. Also two half pints of whiskey were found in his pockets. The jury returned a verdict of guilty and Judge Allen imposed a sentence of 12 months.

Yesterday afternoon the grand jury returned indictments against Divine and Robertson for perjury and Divine was tried and found guilty. In passing sentence Judge Allen said that he desired to make an example of Divine. He did not think it necessary to impose the maximum sentence, five years, to accomplish the end in view, and gave the negro the minimum sentence, four months, the sentence to begin at the expiration of the 12 months imposed in the other case.

John McRae, colored, was found guilty of stealing a small sum of money from Mitchell Xanthos, a Greek, and was sentenced to 12 months on the county roads. McRae was tried before the Recorder and given three months on the roads. His appeal to Superior court cost him exactly nine months on the county roads.

James Capehart, colored, tried before the Recorder Tuesday on the charge of stealing a pair of trousers from George Davis, colored, is another of those who have found it expensive to appeal without being able to prove their innocence before a jury. Capehart was sentenced by the Recorder to six months on the roads. Judge Allen doubled the sentence, giving him 12 months. In passing sentence Judge Allen commented at length upon the case and the colored race in general. Capehart testified that he purchased the trousers from a white man whose name he did not know. Judge Allen said that he had tried probably 1,000 cases where the defendant put up the plea of having purchased the stolen articles from some one else, but never worried about finding the other man. He said that Capehart was a type of the negro but little removed from the savage and but little more civilized than the Eskimo and the Indian. He said that he didn't want to be put down as one who believed that there was no honesty or virtue among the negroes. He thought that there were many negroes who would tell the truth. Judge Allen said that in the cities where he held court a great per cent. of the cases before him were for larceny, while in the smaller towns there were few larceny cases. He also referred to the fact that negroes were the defendants in all of the cases tried at this term of court.

Walter James, colored, was tried on the charge of stealing a bicycle from the Wilmington Steam Laundry. This is one case where it paid the defendant to take an appeal. The trial of the case consumed a greater portion of the afternoon, going to the jury a few minutes before 6 o'clock. At 6:25 o'clock the jury filed into the court room and announced that there was no prospect of a verdict, whereupon counsel for the State, Solicitor Duffy and Geo. L. Peschau, Esq., asked Judge Allen to withdraw a juror and order a mistrial. This was done, after which Solicitor Duffy entered a nol pros with leave. The defendant was represented by K. C. Sidbury, Esq.

Solicitor Duffy took a nol pros in two cases against Walter Hayes, colored, charged with larceny. There were three separate cases against Hayes and he was tried in one of these Tuesday and a verdict of not guilty was returned by the jury. The three alleged robberies were committed at the same time and articles taken from the same house, though from different persons. The evidence was practically the same in all the cases, hence a nol pros was taken.

Mr. A. E. Peschau, broker, who was indicted by the grand jury Tuesday with Mr. John R. Turrentine, also a broker, for failure to pay the special business license tax, yesterday morning made arrangements to have his case go to the Supreme Court to decide a point of law, the defendant contending that he is engaged in inter-State commerce and is not liable for the tax.

The grand jury yesterday morning visited the county convict farm and camp, making a thorough inspection of these institutions. The jail and the Court House offices and possibly the city schools are to be visited by the jury.

GEORGE DAVIS MONUMENT

Corner Stone Will be Laid on the 14th of October.

Marked by interesting and impressive exercises, the corner stone of the George Davis monument to be erected by the Daughters of the Confederacy, on the green at corner of Third and Market streets, will be laid on Thursday, October 14th. It will be on the second day of the State convention of the Daughters of the Confederacy and some of the State officers may take part in the exercises. The programme is now being arranged and will be announced within a few days. Workmen began yesterday breaking ground for the foundations of the new monument.

MORE PINKHAM CURES

Added to the Long List due to This Famous Remedy.

Camden, N.J.— "It is with pleasure that I add my testimonial to your already long list—hoping that it may induce others to avail themselves of this valuable medicine, Lydia E. Pinkham's Vegetable Compound. I suffered from terrible headaches, pain in my back and right side, was tired and nervous, and so weak I could hardly stand. Lydia E. Pinkham's Vegetable Compound restored me to health and made me feel like a new person, and it shall always have my praise."—Mrs. W. P. Valentine, 902 Lincoln Avenue, Camden, N. J.

Gardiner, Me.— "I was a great sufferer from a female disease. The doctor said I would have to go to the hospital for an operation, but Lydia E. Pinkham's Vegetable Compound completely cured me in three months."—Mrs. S. A. Williams, R. F. D. No. 14, Box 39, Gardiner Me.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, indigestion, dizziness, and nervous prostration. It costs but a trifle to try it, and the result is worth millions to many suffering women.

The cost of getting a new boarder is not often greater than the cost of one insertion of a Business Local. Sometimes two or three insertions are needed.

DECORATIONS FOR PRESIDENT

Meeting of Committee Last Night. Elaborate Preparations Being Made For a "City Beautiful" On That Day.

Plans are being rapidly perfected for the decoration of the city for the approaching Taft celebration and the general scheme was discussed and estimates arranged at an enthusiastic meeting of the Decorating Committee at the Elks' Temple last evening.

The cost of the entire decoration, which will be over the streets of 15 city blocks, including the lights and considerable decorative material will amount to $1,400, according to the figures of the committee last night. This is considered one of the chief features of the Taft celebration and the estimates were regarded very conservative. The plans and amount mentioned in detail will be submitted to the steering committee for consideration today. The plans if carried out as suggested by the members of the committee will be the most elaborate ever arranged in this city.

The majority of the members of the committee are in favor of the long leaf pine decoration, which will be arranged most appropriate and unique, particularly for this section of the country. It is estimated that it will require 600 pine trees, 5,000 electric lights and 1,000 flags for the public decoration, which will extend from Front and Red Cross streets to Orange; Water to Third on Market street; Front to Third on Princess; Chesnut to Market on Third street. In addition to this will be an elaborate decoration of the City Hall and a mammoth welcome arch located at Front and Red Cross streets, arranged most beautifully, bearing the words: "Welcome to the Land of the Long Leaf Pine." It was also proposed last night to have the arch ready a week before the celebration and allow the lights to burn each night, which it is believed would be a drawing card for the Taft Day events.

Mr. J. H. Rehder, the chairman, presided at the meeting and during the discussion Mr. C. W. Polvogt submitted plans and drawings which most favorably impressed the committee.

Mr. Will Rehder, an enthusiastic member of the committee, is at present in New York attending the Hudson-Fulton celebration, where he went to view the elaborate decorations being displayed there, with a view of assisting the committee in the general scheme of decoration here.

Change of Hours at Court House.

Beginning tomorrow, October 1st, the office hours of the county officers will be from 9 A. M. to 5 P. M. M. on Saturday the same as the other days of the week, instead of closing at 1 P. M., as has been done during the Summer months.

WAS IN A TERRIBLE FIX

A Georgia Woman Tells How She Felt Like She Was Being Killed. Cardui Helped Her.

Pelham, Ga.—"I was in a terrible fix," writes Mrs. E. L. Bigham, of Pelham, Ga. "I was so weak I could hardly walk across the room. I had such pains in my sides and would swell up so I could hardly stand it. I was irregular and could not do my work. My head ached all the time, so bad at times I felt like it would kill me. I also suffered with drawing pains in legs and my back hurt and I was getting poorer every day, but Cardui got me up able to do my work and I feel better than I have for some time.

"I cannot praise Cardui strongly enough. I will recommend it to all my friends."

As a tonic, for weak women, we know of nothing equal to Cardui. It gives strength and ambition, brightens the eyes, clears the complexion, regulates the system and helps you back to a new youthfulness of looks and feeling.

Made from pure vegetable ingredients, it contains no powerful, mineral drugs, or deleterious compounds. Containing no glycerin, or similar material, it has no mawkish, disagreeable taste, and has no possible bad after-effect.

Absolutely harmless, it is good for young and old and should be in every family. Try it.

SPIRITS TURPENTINE

—Fayetteville Observer: Mr. J. D. Sessoms has just finished gathering and shelling his corn. He kept tab on two acres, and they netted 185 bushels, 106 bushels coming from one acre.

—Winston Salem, Sept. 28.—Press Myers, a negro employed by one of the contractors on the South Bound Railroad, is in jail here on the charge of shooting his wife. The woman is in the hospital and her condition is regarded as serious. Myers claims the shooting was an accident.

—Spencer, Sept. 28.—At Richfield, Stanly county, yesterday afternoon. William Crowell, aged 80 years, was seriously injured by being caught in a planing mill, at which he was working. His right arm was almost torn from the shoulders and he was otherwise badly bruised. Owing to old age, his recovery is considered doubtful.

——Charlotte Observer, Sept. 29: A light frost is reported to have fallen and to have been observable yesterday morning when the minimum temperature was 47 degrees. The frost, being confined to the lowlands, particularly close to streams, did no material damage. Frosts of heavier proportions are reported by the weather officials for other parts of the country, notably at Asheville where the minimum reading was 38 degrees.

—Wilson, N. C., Sept. 28—Dr. Albert Anderson and his wife, Pattie R, have conveyed to the Banner Company, a corporation duly organized under the laws of North Carolina, that splendid piece of property on south Tarboro street known as the Banner Warehouse The price paid is $35,000. It is understood that this popular warehouse for the sale of leaf tobacco, has been renting for several years past for $200 per month.

—Graham, Sept. 28.—The charter of the River Falls Cotton Mill Company, River Falls, Alamance county, has been received, the capital stock being $200,000 The officers of the company are: President and treasurer, J. W. Menefee; vice president, J. D. Kernodle; secretary, R. N. Cook. The purposes of the corporation are to develop a waterpower on Haw river and erected a cotton mill. The officers of the company are well known throughout the State. They are men of excellent ability and sterling integrity.

—Wadesboro, Sept. 28.—At a mass meeting held at the offices of the Wide-A-Wake Club tonight the initial steps were taken for the building of a $200,000 weave mill at this place. The meeting was addressed by Mr. Robert L. Steele, president of Steele's mill, Rockingham, who came at the request of the club. In his address Mr. Steele predicted that cotton would go as high as 15 or 20 cents and stated that he was storing the staple with this expectation. A committee composed of the following was appointed to solicit subscriptions for the new mill; R. S. Steele, chairman; C. M. Burns, W. T. Rose, J. D. Horne, U. B. Blalock and R. D. Ross.

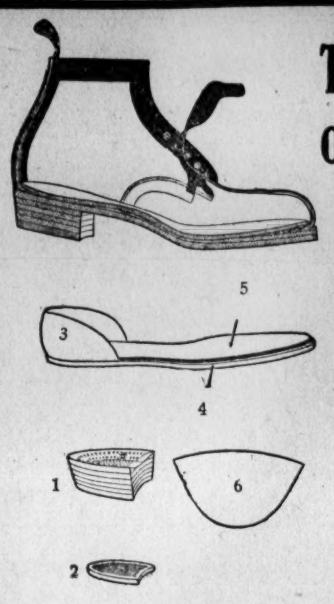
—Monroe, Sept. 28.—Ben Lingle, a young white man, was killed with a shotgun by his brother-in-law, Lonnie Rushing, last night on the road near his home, about three miles east of Wingate. The two men lived with Lingle's father and had been drinking and quarreling during the day. Early in the evening Rushing left the house and went to a neighbor's from whom he borrowed the shotgun. He returned at night, met Lingle on the road and shot him in the head killing im instantly. Sheriff Griffith, notified by telephone at 2 o'clock this morning, drove to the scene of the crime, but Rushing had escaped and his present whereabouts is unknown.

—Wadesboro, Sept. 28.—At a special meeting of the directors of the Bank of Wadesboro held today, President T. J. Covington resigned to take effect at once. The board elected L. D. Robinson as president and he assumed the duties immediately. Mr. Covington has been in bad health for several months and determined to give up active management in order to take a needed rest. The bank is in excellent condition. It declared a 10 per cent dividend and added 7 1-2 per cent. to the surplus. President Robinson is a successful business man and prominent attorney, at present solicitor of this district. The management will have the assistance of the retiring president as far as his health permits.

—Durham, Sept. 28.—L. L. Tilley, a young lawyer, who took his license at the February Supreme court, locates in Durham in the Main street Pharmacy, second story. Young Tilley has had an unusual career. It reads almost like Andrew Johnson's in its begining. Until 19 years of age he had not attended school even at irregular intervals, more than three months and was perfectly illiterate. He preferred to slay tobacco worms and pinch off suckers to making acquaintance of the classics. But he decided to go to school and beginning at 20, he went into his books. In eight years he has mastered the high school, graduated a bachelor of arts from Wake Forest and earned his degree of bachelor of law in that school though he cannot receive it until next year owing to the policy of the school which forbids the awarding of two degrees in one year. Mr. Tilley is now but 28 and goes into the law without pull of any kind, but appears to know something of work and his is truly an unusual instance of nerve and perseverance.

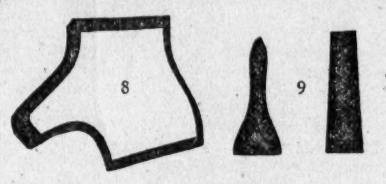
A Hurry Up Call.

Quick! Mr. Druggist—Quick!—A box of Bucklen's Arnica Salve—Here's a quarter—For the love of Moses, hurry! Baby's burned himself terribly—Johnnie cut his foot with the axe—Mamie's scalded—Pa can't walk from piles—Billie has boils—and my corns ache. She got it and soon cured all the family. It's the greatest healer on earth. Sold by R. R. Bellamy.



There are a Hundred and one Tricks to Shoemaking

There are a hundred and one kinds of $3.50 - $4.00 shoes but not one of them will wear as well as the Craddock Shoe. There is no trick in the making of Craddock Shoes and perhaps that is where we are more sly than any of our competitors. We have a wonderful manufacturing advantage. It enables us to make as good a shoe for less money or a better shoe for the same money. We have put every penny of value into wear and service. If we chose to make the same kind of shoes as our competitors, here's how we could save: Instead of using the finest old-method tanned steer's hide sole leather (4) we could use cheap hemlock tannages, or seconds, picked up here and there from makers of $7 and $8 shoes. We use the best. For insoles (5) we could use a cheap grade of flank sole stock—and you could never tell the difference except by the wear. We use an inner sole of specially selected stock, hard, thick, smooth. We use a solid one-piece grain leather counter (3) and toe box (6). Some makers use 2-piece counters and maybe they use cheap leather or canvas stiffened with glue.



Craddock heels (1) are made of solid sole leather and the top lift (2) alone costs as much as the whole heel of some shoes at this price. And so right through the list, vamps (7), tops (8), stays (9), stitching, finishing, findings, everything that enters into the Craddock Shoe is of the best. That such good leather and fine making can be put into the Craddock Shoe at $3.50 and $4.00 while other makers must scalp and split and save a fraction here and there is because of our unusual facilities and our location. We can make and sell the Craddock Shoe in the South to Southern men for less than any Western or New England maker and give you a shoe that will wear 30 days longer than any other shoe sold at the price. There's a Craddock dealer in your town.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, Sept. 29.—An early advance in cotton was followed by a very nervous and irregular market with last prices steady, 14 points lower on November, but only 3 to 8 points net lower on the general list.

The opening was steady and 8 to 15 points higher in response to firm cables, big English spot sales, bullish Manchester trade accounts, talk of frost in the belt, and overnight buying orders, which had probably been attracted by the generally steadier tone of yesterday's market. But as soon as the demand from this source was partly satisfied the absence of support from bull leaders became evident, temperatures in the South did not appear to have been low enough to damage the plant, the forecast was for fair and warmer weather and it is probable that a story published by some morning papers suggesting that Mr. Patten had liquidated his long interest helped to promote realizing through commission houses, although this was positively denied. At any rate the market soon developed a sagging tendency, which became more pronounced later in the day, as local bears were aggressive and scalpers took the short side for a turn on the idea that stop-loss orders might be uncovered on a scale down. There was also considerable Southern selling, supposed to be in the way of hedging against spots and before the decline was checked, prices had shown a net loss of 11 to 14 points. A renewal of bull support and covering caused a rally of 5 or 6 points from the lowest at the close. Southern spot markets officially reported were unchanged to 1-16c lower. Local traders are talking of a census report on Monday of between 2,750,000 and 3,000,000 bales ginned to September 25th, while sentiment regarding the October bureau report will probably be determined by private reports between now and the end of the week.

Receipts at the ports today 65,035 bales against 42,50 last week and 65,959 last year; for the week 300,000 bales against 277,104 last week and 340,543 last year. Today's receipts at New Orleans 9,768 bales against 9,617 last year, and at Houston 15,467 bales against 15,367 bales last year.

Spot cotton closed quiet 25 points lower; middling uplands 13.30; middling gulf 13.55; sales 366 bales. Futures opened steady and closed steady.

Dick Brothers & Co.'s Cotton Letter.

(By Wire to The Morning Star.)

New York, Sept. 29.—In spite of strong cables and heavy spot sales at Liverpool, an easier tone developed in the cotton market today and the selling looked as if it were largely for the account of a leading outside operator together with certain interests who have advance information on the report of the National Ginners' Association. It seems to be generally accepted that the census report showing the amount of cotton ginned up to September 25th will show close to 3,000,000 bales compared with 2,590,000 bales last year. It is also believed in conservative quarters that the government is quite likely to make a condition below 60. Bears industriously circulated report that Patten, of Chicago, had gotten out of his long cotton, and in spite of vigorous denials from Mr. Patten himself there was more or less selling as a result of the circulation of these rumors. There was fair buying on a scale down but bulls gave no aggressive support. It appears to us as if the market would be thoroughly liquidated before the report and we do not believe prices are going very much lower. DICK BROTHERS & CO.

THE LIVERPOOL MARKET.

(By Cable to the Morning Star.)

Liverpool, Sept. 29—Cotton: Spot in fair demand, prices 9 points higher; American middling fair 7.79; good middling 7.49; middling 7.33; low middling 7.15; good ordinary 6.89; ordinary 6.64. The sales of the day were 15,000 bales of which 500 were for speculation and export and included 14,800 American

Receipts 4,200 bales, all American. Futures opened quiet and steady and closed easy. September 7.13 1-2; September and October 7.04 1-2; October and November 7.00; November and December 6.96; December and January 6.96; January and February 6.95; February and March 6.93 1-2; March and April 6.93 1-2; April and May 6.94 1 2; May and June 6.93; June and July 6.92 1-2; July and August 6.90.

THE DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, Sept. 29.—The cotton goods market continued strong and advances are being asked in the primary market based on 13 cent cotton. Silks are very quiet save on specialties for Spring. Knit goods are in active spot demand and prices are very firm. Jobbers continue to do a very moderate hand to mouth trade with retailers but converters and printers are looking ahead on their materials.

MARKET GOSSIP.

(By Wire to the Morning Star.)

New York, Sept. 29.—The stock speculation started at a gallop today but the strain of the pace became obvious at a very early period of the day's trading. The rush to buy and bid up prices made an excited opening which spread prices of the speculative favorites on simultaneous transactions which reached as much as 20,000 shares in United States Steel and ten thousand shares in Atchison.

There were wide openings also in other stocks and the top prices then made represented the highest record in some instances. This was true of United States Steel, and Atchison and Chesapeake and Ohio topped all previous prices in the course of the day.

The first hour's business saw an enormous pressure of realizing sales in all quarters of the list and a pause to take breath was a necessary preliminary to a fresh start. There were many conspicuous points of strength in the latter market, but it never regained its uniform upward tendency again.

Supposed dividend prospects against played an important part in the speculative motive forces. Favorable showing of August net earnings which the railroads are beginning to publish is a fostering influence on this expectation.

The resumptions of dividends on the Westinghouse Electric preferred stock today after being suspended since 1907 was the only tangible development in the direction of increased disbursement of profits.

The closing tone was much unsettled. The number of shares sold was the largest since the excited markets in April in connection with the reported listing of United States Steel on the Paris bourse.

Bonds were irregular. Total sales, par value, were $6,387,000. United States bonds were unchanged on call. Total sales of stocks for the day were 1,442,000 shares.

CHICAGO PRODUCE MARKET.

(By Wire to the Morning Star.)

Chicago, Sept 29.—An official estimate showing a larger acreage of wheat in Argentina than had been generally conceded had a depressing effect on the wheat market here today and offset the effect of the congested condition in September delivery. Prices at the close were 1 8c higher to 1 1-8 lower. Corn was exceedingly weak and colsed at net losses of 1 1-8 to 1 3-8. Oats were irregular, the September delivery advancing more than 2 cents and the deferred months declining 1c. Provisions were weak.

American League.

Boston, Sept. 29.—Detroit, by winning both games of a doubleheader from Boston this afternoon, the first 5 to 0 and the second 8 to 3, while Philadelphia was breaking even with Chicago, now has a lead of three and one-half games over the nearest contender for the pennant and the champions have but to win their two remaining games here to make sure of the title for this season. Today two of Boston's most effective pitchers were driven from the box and Detroit, outside of one inning in the first game, used but one pitcher, Killian. His masterful work was the brilliant feature of the two games. In the opening contest the locals got but two hits. Both on the offensive and defensive, the champions out-played the home team. They did not get started in the second game until it was half over, but then they made the result sure.

Night on Bald Mountain.

On a lonely night Alex. Benton of Fort Edward, N. Y., climbed Bald Mountain to the home of a neighbor, tortured by Asthma, bent on curing him with Dr. King's New Discovery, that had cured himself of asthma. This wonderful medicine soon relieved and quickly cured his neighbor. Later it cured his sons' wife of a severe lung trouble. Millions believe it's the greatest Throat and Lung cure on earth. Coughs, colds, croup, hemorrhages and sore lungs are surely cured by it. Best for hay fever, grip and whooping cough. 50c and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

The "Baby-Waker" Sale

is still going. Large crowds and liberal buying are the features. The low prices published in the large advertisements are still holding good.

New arrivals of rugs, pictures, imported dinner sets, tables, hampers, clothes baskets and several other articles have been added this week. Positively no such values ever seen in Wilmington. Call and inspect them if you wish to buy or not. We are pleased to show goods and invite comparison. This sale, as all our sales, is bona fide. No bluff, no hot air. Unequaled values our motto.

LUMBER AND SHINGLE MILLS

The largest stock of cypress shingles carried in the State. We always have over a million in stock.

We make 13 different grades and sizes, varying from $2.00 to $10.00 per M. Our shingles are recognized in the Northern Markets, as well as in the West Indies, as the very highest standard, both in grade and manufacture. "We have a standing guarantee that " we give (2) good ones for (1) bad one."

Don't buy any shingles that do not have W. W. Koch in large type on every bundle.

We do not dip the ends of our shingles in red ocre to hide windshakes and other defects. Don't buy until you get our prices and compare the shingles. We make and dispose of 20,000 shingles per day.

We furnish all the shingles t for the government at Fort Caswell, ours being the only shingles tat stand government inspection.
